

1. Visual acuity is directly related to
 - (A) Fewer number of rods attached to a ganglion cell
 - (B) Fewer number of cones attached to a ganglion cell
 - (C) Larger number of cones attached to a ganglion cell
 - (D) Larger number of rods attached to a ganglion cell
2. Which one of the following is a measure of span of attention?
 - (A) The maximum number of beads thrown up in the air that can be counted correctly before it falls down.
 - (B) The maximum number of digits that can be reproduced correctly after listening to the same.
 - (C) The maximum number of alphabets that can be read in one second.
 - (D) The maximum duration a person can remain attentive without any distraction.
3. Which of the following is studied in the context of subliminal perception?
 - (A) Extra-sensory perception
 - (B) Perceptual defence
 - (C) Difference threshold
 - (D) Just Noticeable Difference
4. Iconic memory is an example of :
 - (A) Short term store
 - (B) Long-term store
 - (C) Working memory
 - (D) Sensory store
5. Which of the following form of learning is most universal?
 - (A) Habituation
 - (B) Classical conditioning
 - (C) Operant conditioning
 - (D) Cognitive learning
6. Primary drives can be explained in terms of :
 - (A) Instincts
 - (B) Conditioned reflexes
 - (C) Psychological homeostasis
 - (D) Physiological homeostasis
7. Which of the following theory considers cognitive factors as important in the experience of emotion?
 - (A) Cannon-bard theory
 - (B) James-Lange theory
 - (C) Schachter-Singer theory
 - (D) Opponent process theory

8. Which theory proposed that reinforcement is not directly related to learning?

(A) Drive reduction theory of Hull	(B) Contiguity theory of Guthrie
(C) Two-factor theory of Mowrer	(D) Cognitive theory of Tolman
9. Which of the following is NOT related to traumatic brain injury?

(A) Retrograde amnesia	(B) Anterograde amnesia
(C) Transient global amnesia	(D) Post-traumatic amnesia
10. Which of the following is the main characteristic of intelligence?

(A) convergent thinking	(B) Divergent thinking
(C) Flexibility	(D) Originality
11. Which of the following dimension of personality is most influenced by heredity?

(A) Attitudes	(B) Values
(C) Temperament	(D) Interests
12. Psychodynamic theories of personality give greater emphasis to

(A) Unconscious motivation	(B) Self-actualization
(C) Primary drives	(D) Intentions and desires
13. 'Productive orientation' is a concept put forward by :

(A) Carl Rogers	(B) Abraham Maslow
(C) Alfred Adler	(D) Erich Fromm
14. Stimulus — Response theory of personality was put forward by :

(A) Neal Miller	(B) Hobart Mowrer
(C) Edward Tolman	(D) B.F. Skinner
15. The concept of 'nishkama karma' in Indian psychology is similar in meaning to which concept in Western psychology?

(A) Altruism	(B) Detachment
(C) Workaholism	(D) Meta motivation
16. Which of the following pairing of theorists and their concepts are correctly matched?

(A) Carl-Rogers – Peak Experiences	(B) Abraham Maslow – Fully functioning person
(C) Albert Bandura – Self-efficacy	(D) B.F.Skinner – Drive reduction

17. Which theory is based on the main idea that 'behaviour is a function of personality and environment'?
- (A) Cognitive theory (B) Gestalt theory
(C) Field theory (D) Drive theory
18. 'Coronary prone personality is identified by which approach towards the study of personality?
- (A) Personality trait approach (B) Narrow band approach
(C) Personality factor approach (D) Clinical approach
19. Which of the following comes under observational method of assessment?
- (A) Time sampling (B) Accidental sampling
(C) Purposive sampling (D) Snowball sampling
20. Items having different scale values are found in :
- (A) Likert scales (B) Thurston scales
(C) Questionnaires (D) Forced choice scales
21. Non-directive counselling borrows its ideas mainly from :
- (A) Humanistic theory (B) Psychoanalytic theory
(C) Cognitive theory (D) Behavioural theory
22. The major aim of counselling is to :
- (A) Help a person solve his/her personal problems
(B) Help a person arrive at correct decisions
(C) Provide non-medical management of minor problems of anxiety and depression
(D) Promote one's personal growth
23. The main characteristic of empathy is :
- (A) Willingness to help others
(B) Sensitivity to other's feelings
(C) Ability to take on another's perspective
(D) Willingness to sacrifice
24. Unconditional positive regard core content rd' is a popular concept in :
- (A) Logotherapy (B) Client centred therapy
(C) Gestalt therapy (D) Transactional analysis
25. According to psychoanalytic theory, the true meaning of dreams is found in their :
- (A) Latent content (B) Manifest content
(C) Lucid content (D) Core content

26. Which of the following statements about grief counselling/grief therapy is NOT true?
- (A) Grief counselling may be given for persons suffering from 'anticipatory grief'
 - (B) Individuals experiencing normal bereavement reactions may experience negative outcomes after receiving grief therapy
 - (C) Grief therapy is less effective for people who suffer from prolonged and complicated responses to bereavement
 - (D) Grief therapy can be given in a group setting
27. Which of the following is acceptable in HIV/AIDS counselling situation?
- (A) Directing and leading the counselee
 - (B) Giving moral education to the counselee
 - (C) Collecting detailed information about the personal life of the counselee
 - (D) Exploring about feelings of guilt in the counselee
28. 'Egogram' is a method used in :
- (A) Psychodynamic counselling
 - (B) Genetic counselling
 - (C) Transactional Analysis
 - (D) Behavioural counselling
29. All of the following are microskills in counselling EXCEPT :
- (A) Listening
 - (B) Transference
 - (C) Questioning
 - (D) Confrontation
30. Collaborative empiricism is a fundamental concept in :
- (A) HIV/AIDS counselling
 - (B) Grief counselling
 - (C) Person-centred counselling
 - (D) Cognitive therapy
31. Loss of memory for a specific category of information :
- (A) Localized amnesia
 - (B) Selective amnesia
 - (C) Systematized amnesia
 - (D) Generalized amnesia
32. Properties or characteristics of people or things to which different values are assigned :
- (A) Concepts
 - (B) Variables
 - (C) Constructs
 - (D) Relationships
33. The classroom management theorist who emphasized a caring relationship with students :
- (A) Fred Jones
 - (B) Harry and Rosemary Wong
 - (C) William Glasser
 - (D) Ronald Morish
34. Interventions designed to promote coping with illness rather than preventing it :
- (A) Primary prevention
 - (B) Secondary prevention
 - (C) Adherence
 - (D) Tertiary prevention

35. A rare dissociative disorder in which a person exhibits two or more distinct and alternating personalities. :
- (A) Dissociative Identity Disorder (B) Dissociative Fugue
(C) Dissociative amnesia (D) Depersonalization disorder
36. Maps of chromosome which helps in identifying chromosomal anomalies :
- (A) Genome (B) Genetic profiling
(C) Cloning (D) Karyotype
37. The non-parametric test which is analogous to one way analysis of variance :
- (A) The Kolmogorov Smirnov test (B) The Kendal's Tau test
(C) The Kruskal Wallis test (D) The Friedman test
38. The framework to integrate the different components of the study in a logical manner :
- (A) Sample design (B) Research design
(C) Correlational design (D) Experimental design
39. A time out for misbehavior is :
- (A) Positive punishment (B) Negative punishment
(C) Positive reinforcement (D) Negative reinforcement
40. The model which emphasizes health as overall biological, social and psychological well being:
- (A) The bio-psychosocial model (B) The health belief model
(C) Social learning theory (D) Theory of planned behavior
41. Factors influencing an offender which is open to change through therapy:
- (A) Dynamic risk (B) Impulsive risk
(C) Conservative risk (D) Static risk
42. Crimes like domestic violence or child sexual abuse being re-victimized by the same perpetrator
- (A) Repeat victimization (B) Multiple victimization
(C) Victim proneness (D) Re-victimization
43. A positive coping strategy is:
- (A) Self-blame (B) Other blame
(C) Rumination (D) Acceptance
44. The term Emotional Intelligence was introduced by :
- (A) Daniel Goleman (B) Mayor and Salovey
(C) Keith Beasley (D) Wayne Payne

45. An objective quantifiable method for assigning type of verbal and other data to categories :
- (A) Content analysis
 - (B) Survey research
 - (C) Field study
 - (D) Ex post facto research
46. The components of a small n design include :
- (A) Repeated measurement of dependent variable
 - (B) Baseline phase
 - (C) Treatment phase
 - (D) All the above
47. The person who pioneered the development of cognitive approach to psychological treatment along with Beck :
- (A) Carl Rogers
 - (B) Albert Ellis
 - (C) Victor Frankl
 - (D) Abraham Maslow
48. The axis II of DSM includes the diagnostic criteria for:
- (A) Personality disorder
 - (B) General medical conditions
 - (C) Psycho-social problems
 - (D) Global assessment
49. The interaction model of personality was proposed by:
- (A) Stephan Kaplan
 - (B) Kart Lewin
 - (C) Harnold Proshansky
 - (D) Roger Barker
50. Branch of psychology which applies the knowledge and methods to understand and help old people's well-being :
- (A) Geriatrics
 - (B) Community psychology
 - (C) Gerontology
 - (D) Family psychology
51. A disorder characterized by rampant eating without eliminating excessive calories :
- (A) Binge eating
 - (B) Anorexia nervosa
 - (C) Bulimia
 - (D) Orthorexia
52. A very rare symptom which is part of Tourette's disorder is :
- (A) Palipraxia
 - (B) Echopraxia
 - (C) Echolalia
 - (D) Coprolalia

53. The average squared deviation of each case from the mean is :
 (A) Range (B) Variance
 (C) Standard deviation (D) Quartile deviation
54. A qualitative method that involves unstructured group interviews and discussions :
 (A) Qualitative interviewing (B) Participant observation
 (C) Focus groups (D) Group discussions
55. Trivial positive actions towards the members of a group one dislikes is :
 (A) Tokenism (B) Reverse discrimination
 (C) Social categorization (D) Glass ceiling
56. The frustration aggression hypothesis was proposed by :
 (A) Arnold Buss (B) Dollard
 (C) Berkowitz (D) Konrad Lorenz
57. A psychological state in which a nonliving object serves as a principal source of sexual arousal :
 (A) Fetishism (B) Sadism
 (C) Voyeurism (D) Pedophilia
58. A hereditary disorder characterized by progressive degeneration of brain tissue :
 (A) Pick's disease (B) Alzheimer's disease
 (C) Parkinson's disease (D) Huntington' Disease
59. A very serious ethical and legal problem in writing a report :
 (A) Plagiarism (B) Inclusion of outdated data
 (C) Emphasis on appearance (D) Careless proof reading
60. The number of a specific kind of theft increases after the occurrence of a similar incident. To study this which type of experimental design is appropriate?
 (A) Lab experiment (B) Field experiment
 (C) Quasi experiment (D) Any of the above
61. The belief of an regarding how well he can carry out a given activity is :
 (A) Self-monitoring (B) Self Concept
 (C) Self-efficacy (D) Self- esteem

62. The therapy which emphasizes altering of an individual's maladaptive thought processes :
(A) Behaviour therapy (B) Psychoanalytic therapy
(C) Cognitive Therapy (D) Social skills training
63. Description and analysis of individual experiences is called as :
(A) Ethnography (B) Hermeneutic analysis
(C) Grounded theory (D) Phenomenological experience
64. The behavioural scientist who has conducted studies in the concept of Flow :
(A) Martin Seligman (B) Daniel CsiczentMyhalyi
(C) Julian Rotter (D) Shane J. Lopez
65. A medical doctor who is specialized in diagnosing, treating and preventing mental illness :
(A) Psychologist (B) Psychiatrist
(C) Counselor (D) Social worker
66. A parametric test used to assess the prediction of change in one variable in accordance change in another variable:
(A) ANOVA (B) Correlation
(C) Paired 't' test (D) Regression
67. A personality type disorder characterized by social isolation and limited emotional expression :
(A) Paranoid (B) Schizotypal
(C) Schizoid (D) Borderline
68. The neurotransmitter which enhances immune responses is :
(A) Dopamine (B) Acetylcholine
(C) Epinephrine (D) Endorphins
69. The science which deals with the design of safe and comfortable machines :
(A) Total Quality Management (B) Ergonomics
(C) Eugenics (D) Cryogenics
70. Factors influencing an offender which is open to change through therapy :
(A) Dynamic risk (B) Impulsive risk
(C) Conservative risk (D) Static risk

71. Which of the following sampling method is preferred for studying heterogeneous population?
 (A) Simple random sampling (B) Stratified sampling
 (C) Convenient sampling (D) Systematic sampling
72. A test that examine subjects' thoughts and thought processes is :
 (A) Cognitive test (B) Affective test
 (C) Standardized test (D) Generalized test
73. Which of the following is most appropriate about discussion part of a research paper?
 (A) It elaborates importance of the topic
 (B) Explain how the findings concur with that of others
 (C) Deals with method of sampling and recruitments
 (D) Deals with findings of the relevant studies
74. The process of collecting and analyzing information to develop or enhance a theory is :
 (A) Basic research (B) Applied research
 (C) Evaluation (D) None of the above
75. If you want to determine whether and to what degree a relationship exists between two or more variables what kind of study you have to do?
 (A) Descriptive (B) Correlation
 (C) Causal-comparative (D) Experimental
76. Creating a class room climate conducive to develop positive self concept in students is by :
 (A) Challenge and freedom (B) Respect and warmth
 (C) Control and success (D) All the above
77. Which of the following teacher will be liked most?
 (A) A teacher who maintain discipline in the classroom
 (B) A teacher who make teaching learning process enjoyable
 (C) A teacher who give more home work
 (D) A teacher who take more number of classes
78. An instructional model that identifies the major variable in the teaching learning process includes :
 (A) Individual differences (B) Principle of learning
 (C) Teacher behaviour (D) All the above
79. The extent of teachers' subject matter and pedagogical expertise indicates the teachers :
 (A) Efficacy (B) Morale
 (C) Competency (D) Efficiency

80. What will be the impact of interactive teaching?
- It will make teaching learning process difficult
 - It will create confusion among students
 - Students will be expected to listen only
 - It will make teaching learning process effective, democratic and friendly
81. The term socialist has been inserted in the preamble by the ———— Amendment Act of the Constitution.
- 43
 - 42
 - 41
 - 40
82. Right for freedom to form Association is provided in ———— Article of the Constitution.
- 19(1)(a)
 - 19(1)(b)
 - 19(1)(c)
 - 19(1)(d)
83. Money Bill can be introduced in :
- Lok Sabha
 - Rajya Sabha
 - Both (A) and (B)
 - None of the above
84. Legislative council of a State :
- Can be dissolved by the Governor
 - Can be abolished by the President with the advice of the Governor of the State
 - Can be abolished by the Parliament based on the resolution passed by the majority of the Legislative Assembly
 - Can be abolished by the Governor based on the resolution passed by the majority of the Legislative Assembly
85. Which of the following statement is true?
- The President can make a proclamation declaring emergency only when he receives in writing the decision of the Union Cabinet to this effect
 - The president could make a proclamation declaring emergency on the ground of threat of internal disturbance
 - The president could make a proclamation declaring emergency on the ground of threat of Armed Rebellion
 - The president could make a proclamation declaring emergency on the ground of threat of External Aggression
- 1, 2, 3
 - 1, 3, 4
 - 2, 3, 4
 - 1, 2, 3, 4

86. According to Child Labour (Prohibition and Regulation) Act, 1986 Child mean the person who has not completed his _____ year of age.
- (A) 18 (B) 16
(C) 15 (D) 14
87. What is the penalty for the refusal of the RTI application by the Public information Officer?
- (A) Rs. 5,000 and 1 month imprisonment (B) Rs. 1,000 and 1 month imprisonment
(C) Rs. 5,000 (D) Rs. 25,000
88. Which of the following statement is not true?
- (A) No child shall be required to work for more than 3 hours at a stretch
(B) No child shall be required to work for more than 6 hours including rest period
(C) No child shall be permitted to work between 8 p.m. and 8 a.m.
(D) None of the above
89. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 :
- (1) Protects women working in that place
(2) Protects any women who enters the work place like clients, customer, etc.
(3) Protects all the employees who are working there
(4) Protects only women working in government institutions
- (A) 1 and 2 (B) 2 and 3
(C) 3 and 4 (D) 1, 3, 4
90. Whoever contravenes the provisions of S.24 of the Water (Prevention and Control of Pollution) Act, prohibition on use of stream or well for disposal of polluting matter shall be punishable with imprisonment for a term which shall not be less than :
- (A) 1 year but which may extend to 6 years
(B) 2 year but which may extend to 8 years
(C) $1\frac{1}{2}$ year but which may extend to 8 years and with fine
(D) $1\frac{1}{2}$ year but which may extend to 6 years and with fine
91. In which novel of Kesava Dev 'Pappu' appears as the main character?
- (A) Odayil Ninnu (B) Branthalayam
(C) Kannadi (D) Ayalkkar

92. The First editor of 'Swadeshabhmani' daily :
 (A) Balakrishna Pilla (B) K. Ramakrishna Pilla
 (C) Vakkam Abdulkhader Moulavi (D) C.P. Govinda Pilla
93. Who organised 'Misrabhojanam'?
 (A) Sri Narayana Guru (B) Sahodaran Ayyappan
 (C) Ayyamkali (D) Chattambhi Swamikal
94. 'Pattini Jatha' led by :
 (A) K. Kelappan (B) Dr. Ayyathan Gopalan
 (C) A.K. Gopalan (D) P.K. Chathan Master
95. Who took Prime role in the publication of 'Rajyasamacharam'?
 (A) Clement piyanoos padre (B) Dr. Herman Gundert
 (C) Arnos Padre (D) James Augustus
96. The Chief guest on the occassion of 65th Republic day celebration :
 (A) Shinzo Abe (B) Hu Zhang Tao
 (C) Yoshihiko Noda (D) Wen Jiabo
97. Which amount the following diseases is eradicated through immunisation programme in India?
 (A) Polio (B) Tuberculosis
 (C) Diptheria (D) Jaundice
98. Who inaugurated the new Kerala legislative assembly building in 1998?
 (A) A.B. Vajpayee (B) I.K. Gujral
 (C) K.R. Narayanan (D) Krishna Kant
99. The Minister who presented and passed the Land reformation act of Kerala in 1969 :
 (A) T.V. Thomas (B) K.T. Jacob
 (C) C. Achutha Menon (D) K.R. Gouri
100. The bowler to take Sachin's wicket in his last test :
 (A) Darren Sammy (B) Narsingh Deo Narine
 (C) Chris Gayle (D) Keron Pollard
